Beyond divine oh_ our love's beyond divine_____

beyond divine_____

Baby I've got that ache inside
No use to cover up my wounded pride
Am I just a hit and run
Another target for your loaded gun

Your moods change with the moon
You cast a spell and I'm not immune
When your body lay next to mine
I felt our love was beyond divine

Baby I was bound in chains of sadness
But you pulled me out of the madness
Now the truth has struk a heavy blow
Pulled to the bottom by the undertow

Your moods change with the moon
You cast a spell and I'm not immune
When your body lay next to mine
I felt our love was beyond divine

Oh darlin' if you want me praying at your temple
Our love was never gonna be that simple
If worship was what you needed
You didn't hear how hard I pleaded

Your moods change with the moon
You cast a spell and I'm not immune
When your body lay next to mine
I felt our love was beyond divine
Beyond divine oh our love's beyond divine
